EXPLANATION OF SERVICES

Enforcement Unit Service

When retaining the services of the Enforcement Unit, the following must be submitted to this office

- This packet completed
- The base retainer fee (Explained on the next page)
- Original Capias (Capias must have the name of a person, may not just read a business name)

It is important to understand that it is the goal of the Sheriff's Dept. to resolve your matter by either of the following ways. An arrest may not always be necessary.

- The defendant surrendering and meeting deputies at court after deputies' arrest attempt
- The defendant satisfying/ paying a money judgment
- An agreement being reached between parties due to deputies efforts
- The defendant being arrested and taken to court

The manner in which we attempt to handle your matter is decided with the following factors

- The defendant's level of co-operation
- Prior history
- Distance of court
- The plaintiff's opinion

Once all paperwork is received, an intake investigation is performed to locate the defendant and or assets and is scheduled for service. Our office attempts to resolve each matter within 30 days. If your case is of emergent need, you must notify this office and we will attempt to accommodate your needs.

It is important to understand that when retaining the services of the Enforcement Unit, you are requesting deputies make service on a court order. You are not retaining services to embarrass an individual or expect deputies to engage in debt collection activity.

Courts and limitations

IMPORTANT – PLEASE READ CAREFULLY

Most cases the Sheriff's Department handles are civil in nature. Because of this, deputies are faced with many limitations. Civil capias arrest warrants are only valid during daylight hours unless ordered otherwise by the court. In addition, most cases are limited to a specific day and or time determined by the court. Therefore we cannot arrest a defendant at any time. We must ensure proper scheduling of the above factors before attempting an arrest. These limitations may not apply in cases of criminal contempt.

If a defendant is arrested or surrenders at court, the plaintiff or plaintiff's Attorney must be present. A deputy will contact you to schedule a mutually agreeable date for an arrest attempt. Once the defendant is arrested, you will be contacted and expected to report to court immediately. Once at court, the Sheriff's Department has no involvement with court decisions or the outcome of a hearing.

It is also important to understand that time spent in court can vary. Although most cases are heard promptly, waiting times can exhaust multiple hours and even an entire day. This is important to take into consideration when completing the fee authorization on the next page. Fees spent on the Sheriff's services may be added to your judgment or ordered reimbursed to you by the defendant if allowed by the Judge.
